

NATURE  
CONSERVANCY  
CANADA

# THANK YOU!

Recognizing your Landmark contribution to nature

Big Trout Bay, Ontario

## Dear Friends,

As co-chairs of the Nature Conservancy of Canada's (NCC's) Landmark Campaign, we watched with pride and awe as more than 110,000 Canadians took conservation into their own hands, giving generously to save the lands and waters that sustain us all.

You were one of those donors, and we're so very grateful.

Thanks to you, we have not only achieved, but surpassed our campaign goal of raising \$750 million for conservation in Canada!

Together, we have delivered a historic and lasting impact for nature that benefits not only us as Canadians, but the world. By supporting NCC, you expanded our network of protected areas, conserving an additional 11.5 million hectares (28 million acres) — more than one-and-a-half times the size of New Brunswick. You helped safeguard habitat for hundreds of species and mitigate the effects of climate change by protecting the forests, wetlands and grasslands that act as carbon sinks. And you ensured natural areas remain accessible to Canadians, benefitting us both physically and mentally.

In recognition of your generosity, we're pleased to include your name on the enclosed list of donors who gave \$10,000 or more to the Landmark Campaign.

As you read, remember that all of this was made possible by YOU, our Landmark Campaign supporters and champions. You should be so proud to have come together with like-minded Canadians in this incredible journey of hope and conservation.

On behalf of Canada and Canadians, thank you for leaving your landmark.
